

## PRODUCT SPECIFICATION

Pigtail Bolt

**M14 \* 300 / 110-110**

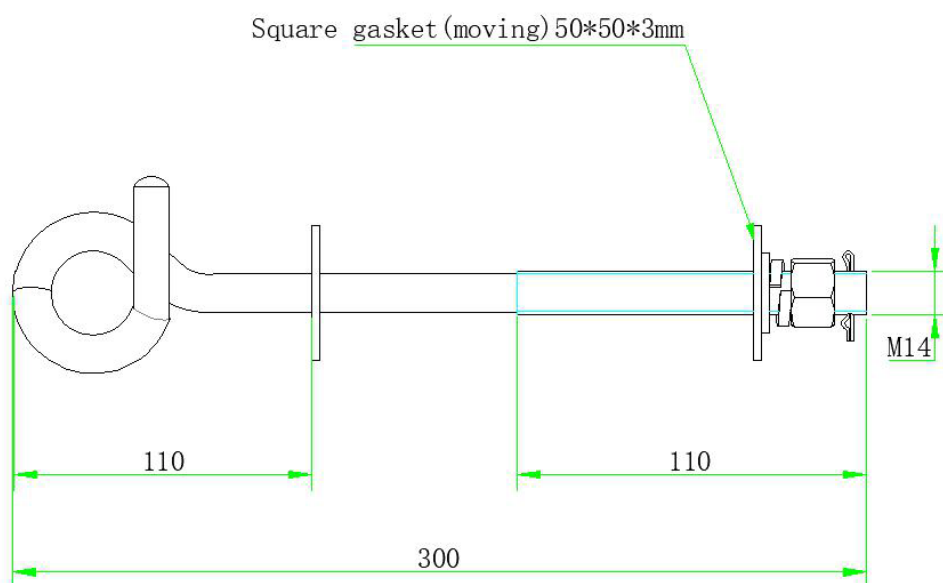

### APPLICATION

This bolt is designed to place and hold the cable within its loop. The specific pigtail shape side provides 2 main advantages :

- Easy cable placement
- Steady hold of the cable

Placed on poles, the pigtail bolts ensure a safe aerial deployment of the cables.

### DIMENSION AND SPECIFICATIONS

Product	Type	Material
Pigtail Bolt	M14*300/110-110	Hot-dip galvanized Steel
